HEROES WANTED

Nominate a Local Service Hero to Stitch The National 9/11 Flag

The National 9/11 Flag is a powerful symbol of The American Spirit.

Destroyed in the aftermath of the collapse of the World Trade Center on September 11 and stitched back together seven years later by tornado survivors in Greensburg, Kansas, The National 9/11 Flag is a living testament to the resilience and compassion of the American people. It is the modern day version of The Star Spangled Banner.

New York Says Thank You Foundation is currently taking The National 9/11 Flag on a journey across America where local service heroes in all 50 states will be given the historic privilege of stitching the flag back to its original 13-stripe format. Once the flag is made whole again by the 10th Year Anniversary of 9/11, The National 9/11 Flag will become part of the permanent collection of the National September 11 Memorial Museum being built at the World Trade Center.

Please tell us about a local service hero in your community who deserves the honor of stitching The National 9/11 Flag when it comes to the state of North Dakota on August 12, 2011 at the State Capitol, 600 East Boulevard Avenue in Bismarck at 10:00 am followed by stitching open to the public until 1:00 pm.

We are looking for people of all ages who are shining examples of service and sacrifice to their local communities and to the Nation to honor with the unique and historic privilege of stitching The National 9/11 Flag. Whether this person is a wounded warrior, military veteran, first responder, educator, student, volunteer service leader, or someone who lives their life in a heroic manner, please go to **www.National911Flag.org** and click on "Nominate A Service Hero" by August 5, 2011.
